

Amperis Products, S.L. is a company dedicated to the marketing of diagnostic and measurement equipment related to the storage, transformation, generation, transport and distribution of electrical energy. It aims to satisfy the most demanding needs of its customers, protecting the right of workers to work in a safe environment and promoting the prevention of pollution.

The management of Amperis Products, S.L. has decided to implement a Quality and Environmental Management System and Occupational Health and Safety System based on ISO 9001, 14001 and 45001 standards, which is effective and appropriate to the strategic direction, seeking to achieve full customer satisfaction. It is firmly committed to meeting the applicable customer, legal and other requirements that apply to the services it provides, to its environmental aspects and to the health and safety of its employees, and to improving its effectiveness in all three areas in a continuous and planned manner.

This commitment by management is articulated through:

- Safe and healthy working conditions, eliminating hazards and reducing risks, to prevent accidents and deterioration of health.
- Consultation and participation of staff, encouraging employee participation and influence in their respective areas of responsibility.
- A commitment to protecting the environment, including the prevention of pollution.
- The provision of the human and material resources necessary to achieve this, including ongoing staff training and development.
- Prompt, effective and qualified personal and professional attention.
- Teamwork, staff motivation and learning from our mistakes, for continuous improvement.
- The periodic and planned review of the Management System, to increase its effectiveness; improve customer satisfaction; evaluate the effectiveness and adequacy of this Policy; and establish, monitor and review measurable quality, environmental and safety objectives that are consistent with it.

The Management of Amperis Products, S.L. recognises that in order to achieve this commitment, it is essential to have the contribution and participation of the company's staff, their knowledge and understanding, their awareness of excellence in service compliance, in customer satisfaction, in the effectiveness and continuous improvement of the Management System and in the achievement of the proposed objectives and goals. and therefore disseminates this Amperis Products, S.L. Quality, Safety and Environmental Policy Statement to all interested parties.
